**DE Information Bulletin**  
**No. 5 December 21, 2004**

TO: All Delaware Homeland Security Grant Partners

FROM: Jamie E. Turner, III  
Director

SUBJECT: **GRANT CLARIFICATION FOR TRUCK RENTAL AND TEMPORARY  
STORAGE FACILITIES**

---

It is my pleasure to announce a change in grant guidance in regard to truck rental for distribution of equipment and authorization for the purchase of temporary storage facilities to store homeland security equipment. Over the past several months DEMA has been in constant coordination with the Department of Homeland Security, Office for Domestic Preparedness to change the guidance requirements.

Both initiatives are an allowable equipment expense, therefore, the cost of the service and purchase is the burden of the requesting discipline and must be projected within funding allocation. All requests must be coordinated through the discipline lead to the DEMA equipment section for requisition.
